

Automated Warehouse

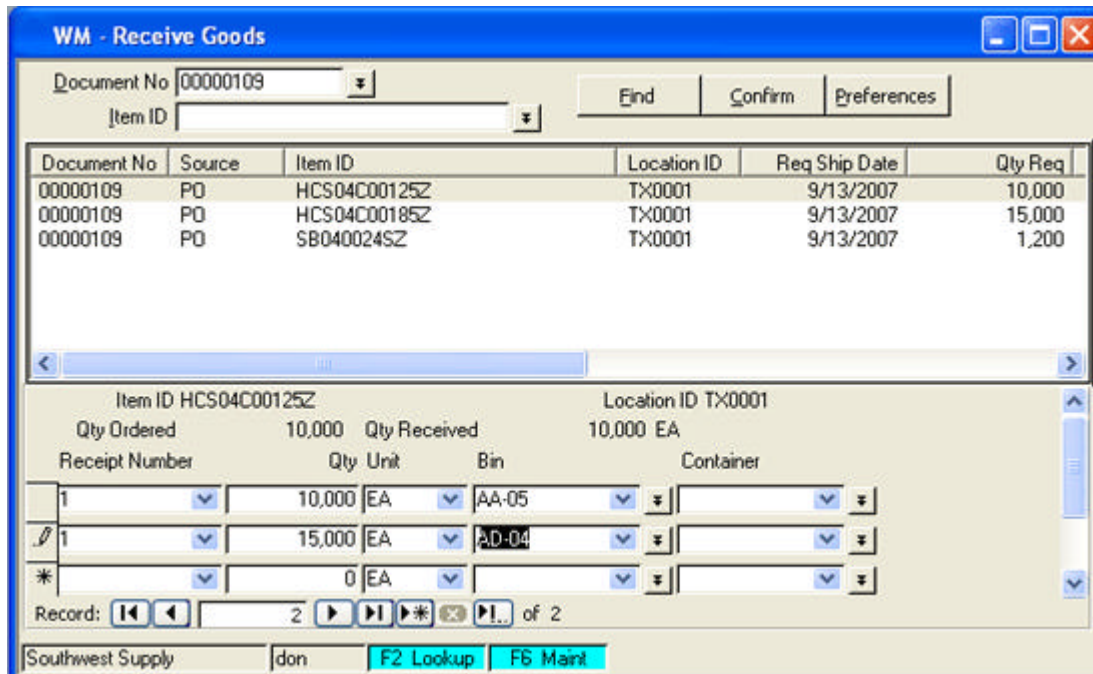

Improve your warehouse performance with Automated Warehouse

Intrust Win Warehouse Management is a comprehensive solution expressly designed to give you precision inventory handling. You can dramatically improve your efficiency in putaway, picking, packing and shipping orders by maximizing the productivity of your warehouse staff.

It can be paper-based or will support full wireless capability on hand-held terminals. Utilize the latest wireless technology to speed up and insure the accuracy of the following warehouse operations:

- Pick Orders
- Receive Orders
- Put away Orders
- Perform Physical Inventories
- In-warehouse transfers
- View on-hand and in use quantities for an item.

Consistently prompt and accurate order fulfillment is within your reach with **Intrust Win** Warehouse Management.

WM - Receive Goods
